Percent of Teachers			15	14

DEMOGRAPHICS NOTES:

Primary Source: U.S. Department of Education, National Center for Education Statistics, Common Core of Data, "Public Elementary/Secondary School Universe Survey", "Local Education Agency Universe Survey". (All data are labeled preliminary by NCES.)

Some districts chose to provide data after review and missing data were also sought from state and district websites.

ASSESSMENT NOTES:

Test(s): Criterion Referenced Test **Grades:** 4, 8, 11, and 12

How Reported:

"Meeting or Exceeding Standards" and "Not Meeting Standards".

Nebraska does not report a category comparable to the below basic category in many states. Therefore, only the percent of students "Meeting or Exceeding Standards" is reported here. Assessment results broken down by ethnic groups and FRPL are not included because students were not tested, or because the data were either not available or not reported by March 2007.
