Council of the Great City Schools

Curriculum, Research, and Instructional Leaders Meeting

The Great Exchange: Shining the light on solutions that address the needs of our lowest performing students

Solutions to the student achievement issues we face today are too complex for any single department or division to address alone. Given the interrelated nature of the many systems that impact achievement, the Council of the Great City Schools invites teams of senior school district leaders. Teams should include:

- Chief Academic Officers
- Chief Accountability Officers
- Chief of Schools
- Chief Innovation Officers
- Chief Equity Officers
- Curriculum Directors
- Research Directors
- Principal Supervisors/Instructional Leaders
- Special Education Directors

Participants will work collaboratively with their peers and invited speakers to learn about programs and processes that have been successful in Council member districts. **Districts are welcome to submit proposals for presentations at the conference by following this [link](#).**

AGENDA

Monday, June 24, 2019 – (1:00pm – 5:00pm)

Academic Key Performance Indicators Pre-Conference

The Council team will engage participants in a walkthrough of the KPI's and topics in the KPI Academic Report. This will include opportunities for participants to interpret the results, how to use them to assess the quality of the indicator, and determine next steps for using this data in strategic planning at the district level. Additionally, participants will have time to network with comparable districts that have better results on specific indicators that are district priorities.
