Council of the Great City Schools

Curriculum, Research, and Instructional Leaders Meeting

Seize the moment: Implementing and assessing solutions for accelerating student learning

This conference will focus on how urban districts can continue to move forward this fall in improving school culture and climate that optimizes student and staff experiences and outcomes, re-centering instruction, addressing unfinished learning, as well as the strategic use of data. It is an opportunity to network across instructional roles within and across districts that share common goals and challenges. Districts will also share promising innovations and strategies, how they scale innovations, and how they connect American Rescue Plan (ARP) investments to programming and evaluation. Teams should include:

- Chief Academic Officers
- Chief Accountability Officers
- Chiefs of Schools
- Chief Innovation Officers
- Equity Officers
- Curriculum Directors
- Research and Accountability Directors
- Principal Supervisors/Instructional Leaders
- Special Education Directors
- SEL Directors

Participants will work collaboratively with their peers and invited speakers to learn about programs and processes that have been successful in Council member districts. **Districts are welcome to submit proposals for presentations at the conference by following this [link](#). Proposals are due no later than June 13. Presenters will be notified no later than June 22.**
