ABOUT THE COUNCIL

The Council of the Great City Schools brings together the nation's largest urban public school systems in a coalition dedicated to the improvement of education for children in the inner cities. The Council and its member school districts work to help our schoolchildren meet the highest standards and become successful and productive members of society. The organization also helps to build capacity in urban education with programs to boost academic performance and narrow achievement gaps; improve professional development; enhance the opportunity to learn; and strengthen leadership, governance, and management. The Council accomplishes its mission by connecting urban school districts from coast to coast who work under similar conditions.
