**CLEVELAND SCHOOL SITE VISITS**

**Campus International** K-8 is in a new school building that opened this fall. Situated on the campus of Cleveland State University (not far from the Hilton), it is one of our innovative schools with programs that prepare students to be global citizens by emphasizing student inquiry and a global perspective in partnership with CSU.

**Lincoln-West School of Science & Health** is the first high school in the country based in a hospital. This school immerses students in the fascinating world of modern science, health and medicine through a rigorous project-based curriculum thanks to our strong partnership with the MetroHealth System.
