Promise to the Community

Fall 2012 Referendum

- Funding is \$9 million annually 2013-2021
- Provides technology access for
 - Student engagement, anytime, anywhere learning
 - Family participation
 - Resources for teachers and community
 - Data for informed decisions

LEARNING TRANSFORMED BY TECHNOLOGY

As a national education leader, Saint Paul Public Schools recognizes the need to cast aside the one-size-fits-all model of instruction in favor of personalized learning that engages and motivates our learners. Technology can help make that happen.

STUDENTS will have access to new learning resources that provide engaging and challenging instruction anytime, anywhere.

FAMILIES will have the ability to more actively follow and participate in their students' learning.

OUR COMMUNITY will have better access to district resources for lifelong learning.

TEACHERS will have access to resources that support rich, rigorous instruction aligned to district standards while also addressing individual learning styles.

ADMINISTRATORS AND STAFF will have access to increased data for making better informed decisions, communicating effectively, and maximizing resources.

SPPS Personalized Learning

Transform teaching and learning at Saint Paul Public Schools to be **student-centered**, **customizable** and **technology-enriched** to meet the diverse needs of all students.

RE: Digital Technology Survey - DRAFT

Older and more conventional technologies like computer labs and projectors that connect to laptops are much more accessible and frequently used, yet there remains inequality across Planning Districts in their access. Newer digital technologies like tablet computers and E-book readers are not yet common or integrated into curricula. Educators and students habitually use older digital tools such as online searches, but newer tools such as GoogleDocs are seldom used.

Feldman Group Audit

Implementation Tasks
Support racially equitable classrooms by enhancing student engagement through personalized learning
Incorporate personalized learning (PL) as a long-term goal for schools by making it part of annual School Continuous Improvement Plans (SCIPs).
Distribute iPads to students, teachers, and classrooms to support Personalized Learning.
Align PreK-12 curriculum and instructional practices to the PL Essentials with a lens of racial equity in a 1:1 iPad environment.
Create professional development and support for successfully integrating personalized learning and technology in the classroom for all teachers, media specialists, and principals
Provide infrastructure that supports a 1:1 iPad learning environment.
Improve data and internet security management
Develop a district process for reviewing, selecting, and purchasing supplementary digital materials, including iPad apps, in support of personalized learning
Ensure that all stakeholders understand the planned expansion of Personalized Learning through a 1:1 iPad environment in SPPS

June 2014

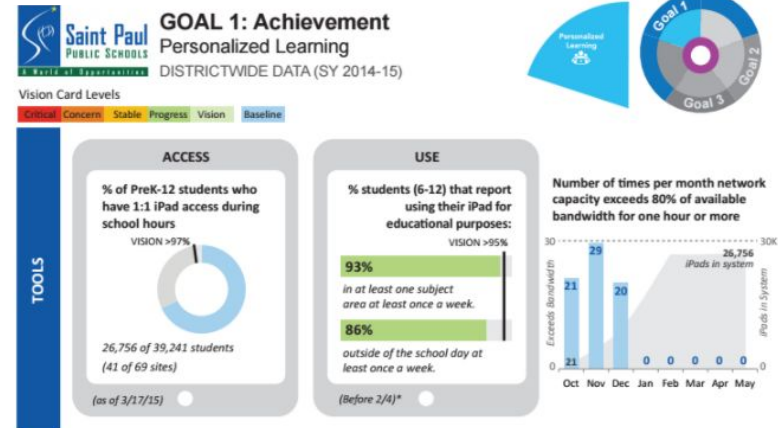

End of year 2013-14

1. Establish personalized learning as a key strategy to accelerate student achievement.

2. Provide technology tools to more schools, teachers and students.

3. Use more technology to engage students in learning.

4. Support and develop teacher and student capacity around personalized learning.

End of year 2014-15

1. Establish personalized learning as a key strategy to accelerate student achievement.

2. Provide technology tools to more schools, teachers and students.

3. Use more technology to engage students in learning.

4. Support and develop teacher and student capacity around personalized learning.

Task/Activity Menu for Order of Operations (Benchmark 6.2.2.1)			
<ul style="list-style-type: none"> Place a checkmark next to each box to show which activities you will complete. You must do the three activities marked with an "X". Before you can move to the next "food course", you must have your teacher initial that you are proficient on the first set of tasks. Please keep your own math needs in mind when making choices. Choose activities that will help you increase your understanding of order of operations. 			
	APPETIZER: Complete 2 Activities	Checking for Understanding Provide Your Teacher With:	Teacher Initials & Score
X	A. Complete at least 6 problems in the activity at http://wwwby.com/educator-ed-edp-21.htm	5 problems showing your work, the solutions that you tried, and feedback received	3 2 1 ____
	B. Complete the Holt worksheet: 1-5 Puzzles, Twisters & Teasers	Worksheet 1-5 Puzzles, Twisters & Teasers	3 2 1 ____
	C. Complete at least 6 problems in the activity at the link Exploring Order of Operations - Use It (iPad in Puffin)	5 problems showing each step you did with the solutions.	3 2 1 ____
	D. Complete at least 6 problems when you play Order of Operations Game using 18, 2, 4, 8 & 3 directions and materials at this link . You may do this with a partner.	5 problems showing each step you did with the solutions.	3 2 1 ____
	FIRST COURSE: Complete 3 Activities	Checking for Understanding Provide Your Teacher With:	Teacher Initials & Score
X	A. Use the Pan Balance with different expressions (mud.com/80mva) and complete the handout linked here	Completed handout linked here	4 3 2 1 ____
X	B. Complete the Order of Operation with Rational Numbers worksheet	Complete worksheet linked here	4 3 2 1 ____
	C. Complete the Holt worksheet 1-5 Problem Solving (Paper or Interactive Online Edition) *check answer key	Worksheet 1-5 Problem Solving	4 3 2 1 ____
	D. Create 3 context problems that involve the use of Order of Operations with at least 3 different operations. Include an answer key.	3 context problems with work and solutions	4 3 2 1 ____

Counter-storytelling and absent narratives.

The screenshot displays the Minnesota Humanities Center's website. The main header includes the center's logo and name. Below this, a section titled "Absent Narratives Resource Collection" offers access to ready-to-use materials. A sidebar on the left lists various topics under "Content Themes" and "Content Disciplines and Themes". The main content area features a "Relations: Dakota & Ojibwe Treaties" section with a "Video Gallery" and a "Relationship" tab. A prominent article titled "The Truth Behind '40 Acres and a Mule'" is highlighted, discussing the historical context of the 40-acre promise and its relevance to contemporary issues. The article includes a quote from Henry Louis Gates Jr. and a link to "American Indian Treaties and History, Andy Favorite".
