

Screening Readiness Checklist

The intent of this checklist is to help teams facilitate, monitor and problem solve the screening to intervening implementation process, and is not designed to be comprehensive in nature. Readers are strongly encouraged to review the content throughout this readiness checklist to inform specific processes as well as consulting with legal/ethical guidelines, state and district policies. The School Mental Health Collaborative encourages all key stakeholders (e.g., administrators, teachers, support staff) at a participating school complete it together if possible. For each Screening Item for Consideration, please note whether that item is (a) Not in Place, (b) Partially In Place or (c) In Place. If the item is Not in Place or Partially In Place, consider completing the final column by outlining a specific action step toward getting that item In Place.

Screening Item for Consideration	Not in Place	Partially In Place	In Place	Action Item
