OFFICE OF SCHOOLS

Traditional 235 work days per year
FTE: 1.0
Salary Range: $67,106- $80,527

Essential Functions and Objectives:

Performs a variety of professional, technical, and administrative tasks in developing and administering high quality assessments and correlating resources. Interprets public school rules, laws, and policies regarding assessment. Trains school personnel in proper administration and creation of common assessments, analysis of data, and SLOs. Interprets changes to the District curriculum and Colorado standards, ensuring assessments, resources, and SLOs are aligned, and informs teachers and principals of the implications of these changes.

- Assumes a lead role in a particular content area (Elementary Literacy, Secondary Literacy, Mathematics, Science, Social Studies).
- Develops assessment items to be used on District assessments and in the District item bank.
- Collaborates with other departments in the management, development, and analysis of District-supported assessments and SLOs.
- Utilizes the District's item banking system to modify and catalog items as needed.
- Provides support and training in the use of various assessments, including semester and course assessments, common formative assessments, and item bank developed interim assessments; assists teachers and administrators with tools and resources to aid instruction.
- Develops and provides training and staff development in the areas of assessment administration, ethical assessment practices, and the use of assessment information for instructional improvement.
- Conducts analyses of assessment results.
- Works with district staff to provide support and professional development to District schools in the areas of assessment literacy, and the use of online systems to deliver assessments and assessment results electronically.
- Uses information from assessments to identify strengths and specific areas of need, including technical assistance and consultation on assessment administration, interpretation, and ethical considerations.
- Collaborates with Curriculum and Instruction personnel on various projects and reports; prepares and conducts presentations for various groups; and responds to administration and school requests for information.

Knowledge, Experience & Other Qualifications:

- Five (5) years of successful teaching experience.
- Three (3) plus years substantial knowledge of and experience working with Colorado Academic Standards and/or Common Core State Standards.
- Two (2) plus years experience in item development (constructed response, selected response and performance based tasks), assessment creation, rubric development, and item analysis.
- Valid Colorado Driver’s License, appropriate insurance coverage, and acceptable driving record for the past three years.
- Strong understanding of the fundamental assessment concepts (e.g., reliability, validity).
