About the Council
The Council of the Great City Schools is the only national organization exclusively representing the needs of urban public schools. Composed of 76 large city school districts, its mission is to promote the cause of urban schools and to advocate for inner-city students through legislation, research and media relations. The organization also provides a network for school districts sharing common problems to exchange information, and to collectively address new challenges as they emerge in order to deliver the best possible education for urban youth.
